The talks are given by Melvyn Thompson or one of the Museum's volunteers. Melvyn worked in the carpet industry for the whole of his working life and speaks from experience. Over 400 talks have been enjoyed by a variety of organisations.

The talks normally last about 60 minutes but can be tailored to your requirement.

We have our own projector and screen if necessary. Kidderminster is known for its carpet industry and the talks appeal to all, not just the Kidderminster area.

The carpet talks are based on the books "Woven in Kidderminster" and "Mills & Tall Chimneys" both by Melvyn Thompson. Copies can be made available with a good discount for your members. Also available "Weaving in Bridgnorth" and "The Illustrated History of The Kidderminster & Stourport Electric Tramway Company" both part written by Melvyn Thompson.

Cost : The Carpet Museum Trust is a registered charity and donations [depending on the size of the organisation but a minimum of £50] are invited towards the cost of maintaining the Museum of Carpet and its extensive Archive Collection. Speakers are happy to travel reasonable distances but would request assistance with petrol and any other expenses.
